All:

We are currently in process of converting all Resolution data to date into NYSDEC format - we should have that ready within a couple of weeks and will deliver to NYSDEC.

In the future we plan on including an excel data file along with our data reports as part of the deliverable. We are current with loading our data to NIRIS, so it will be available there as well.

Regards,  
Brian

Hello Rob,

We have three sites which could apply to this request, I think you are looking at 130003B.

130003A, Grumman Aerospace – Bethpage

This site has approx. 400 sample locations loaded in the database with samples over a date range from June 1999 to March 2014.

130003B, Naval Weapons Ind. Reserve Plant

This site has 11 locations loaded (2-18-2015) to the database with samples over a date range from Nov 2012 to March 2014.

130003C, Northrup Grumman Steel Los Plant 2

This site has no data loaded to the database.

Dan

Happy Friday, I hope all is well. Carol Stein and I would like to obtain confirmation that NYSDEC has received and uploaded an EDD submittal of data provided from the Navy contractor on the Bethpage Navy site. I had a productive talk with their contractor Brian Caldwell (ensafe) and he informed me their IT folks had been able to convert their data from the NIRIS format to the NYS EDD format and submitted it.

That would be good news, but I'd like a simple confirmation it has been uploaded. No, I don't need it at the moment. Just a yes or no.

Thanks,  
Robert M. Alvey, P.G.
